

CUSTOM FINISHES

Customize your selection using our expanded suite of exclusively developed stains, richly layered colors, and neutral finishes. Hand-washed, multi-step processes lend character and dimension to our quality hardwoods, enhancing the uniquely patterned wood grain, while lightly distressed finishes reveal only the slightest hint of natural wear.

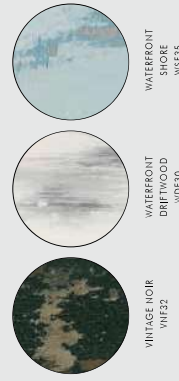

- Our **Agès Past** finishes showcase complex surface texturing produced by talented master artisans. Rubbed edges, multiple layers and distressed surface details reproduce the appearance of generations-old heirloom furniture, while a specially formulated vintage color palette speaks to sophistication.
- Achieving the look of a piece of furniture that has lingered outside for years, our **Time-Worn Stain** finishes offer a weather-beaten texture story specifically tailored for wood surfaces.
- Our distinctive **Stain** finishes are hand rubbed, glazed and waxed to provide a long-lasting heirloom finish. Order as shown, or specify a "clean" option for a classic, non-distressed look.
- The result of a meticulous multi-step process, our **Manor** finishes showcase hand-applied workmanship offered in a range of elegant colors. Once our furniture is brushed, sanded, and sealed, a light glaze is applied, leaving a smooth clean surface. Subtly enhanced grain detail and accentuated corners complete the look. Optional Grain de Bois texturing available for all colors.
- **Grain de Bois** finishes are clean-sprayed to enhance the uniquely patterned grain of our quality hardwoods. Available in Blanc, Noir, or any of our one-of-a-kind Manor series colors. Simply select the Grain de Bois texture option when placing your custom order.
- Our **Metallic** finishes enhance our richly detailed custom pieces evocative of a more sophisticated era. The addition of our new Gold and Silver Leaf finish options enhances this already rich offering with a pair of bold, updated styles.

When ordering please add the finish code and fabric code to the end of the item number. If a finish code is not provided, you will be ordering the item as shown in the catalog.
